External Tom Mount

Just like pro sets! Holder does not enter shell, providing more volume and wood tone.

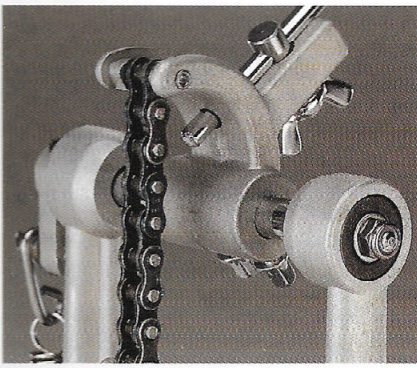

New Lug Design

Venus's new lug looks great and minimizes lug to shell contact for more real wood sound.

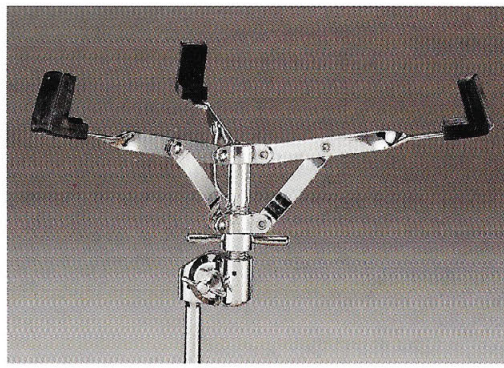

One Piece Tom Holder

Stronger one piece design provides more precise adjustment of mounted toms.

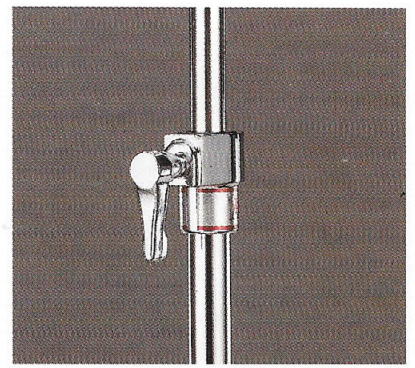

Chain Drive Pedals

Chain drive offers quickness and lasting strength.

Adjustable Snare Stand

Tilts snare drum to your preferred playing position.

Pro-Lok Levers

The ultimate stand tightening system.
