

The Eyes Have It

MAPEX.

The Orion Birdseye Maple Series has been created using six plies of cured and aged North American maple. Orion Birdseye Maple Drums feature 7.8 mm shell thickness, precision 45 degree bearing edges with counter cut, full length Gladstone style lugs, the exclusive I.T.S. Isolated Tom System providing infinite tom positioning capabilities and no shell penetration, the elegance of hand stained maple, and coats of protective transparent polyurethane so deep the drums appear to be encased in purified water.

The sound of Orion Birdseye Maple drums?
Simple...indigenous to itself and second to none.

MAPEX®

The finest drums on earth
