MAPEXDRUMS.COM

# EVERY DAY,

hundreds of people worldwide are dedicated to making certain every Mapex product delivers superior sound and extraordinary functionality, which will result in your having the best possible playing experience.

All Mapex products are hand built and hand assembled by the artisans at our wholly owned factory in Tianjin, China. The people at Mapex have earned a distinguished reputation for designing, engineering and building the highest quality acoustic drums. In fact, Mapex is one of the only companies of its kind to have achieved ISO9001 certification — the world's rigorous standard for manufacturing excellence.

Building the highest quality product initially depends on the expertise of those that select the raw materials — in particular, the wood. This is why the Mapex Professional Wood Grading Team selects only the finest raw materials from which to craft our drums.

Premium grade hardwoods like maple, walnut, birch and basswood are hand-selected from worldwide sources and are then matched by skilled experts to ensure that every drum Mapex produces carries with it the signature tonal and resonant properties that define the distinctive Mapex sound.

Mapex not only wants you to sound your best, you need to look great too. On all of our painted drums, Mapex finish experts hand apply an eight-coat, hand-rubbed, high-gloss lacquer to each shell. Mapex finishes are durable, easy to maintain and will help make you the envy of your drumming community.

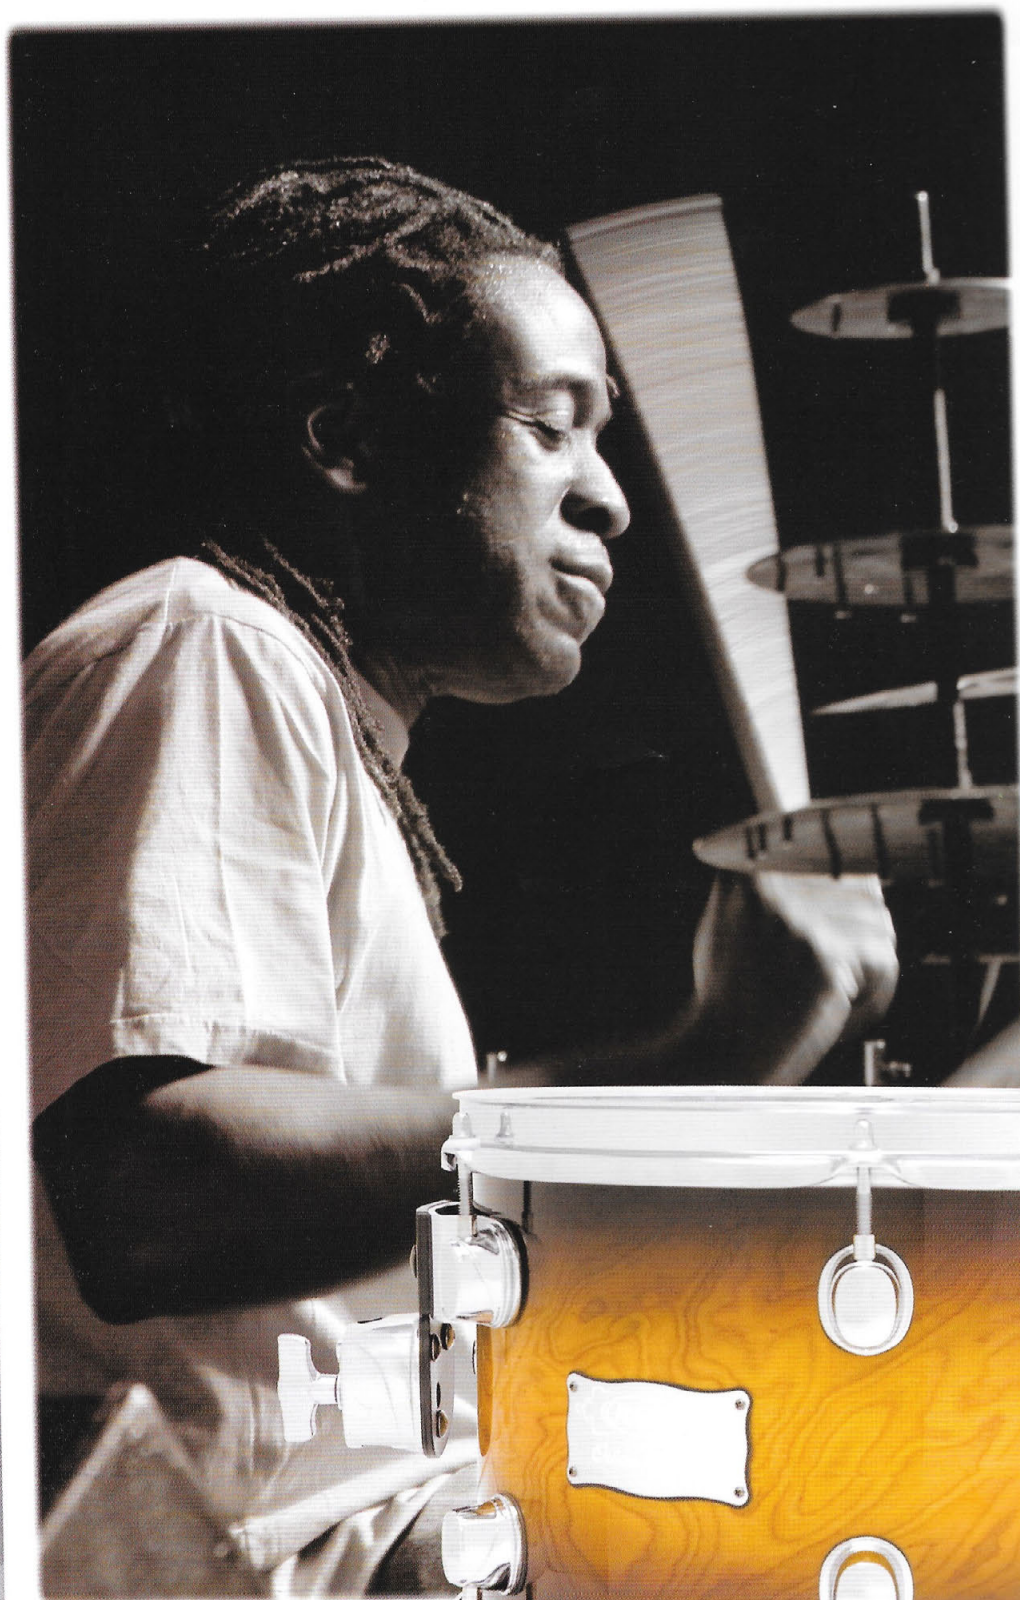

The craftsmen at Mapex apply the same high standard of quality across the entire family of products. Every Mapex drum, regardless of price, is built to exacting specifications. Mapex has created a working environment that encourages growth, spirit and dedication to craftsmanship. The people that make Mapex drums are the best at what they do and they take pride in their ability to do it.

The result is a drum that you will take to the stage or studio with complete confidence that your style and creativity will not only be perfectly reproduced, but enhanced. With Mapex your talent and personality will be faithfully delivered, whether you're playing to a crowd of twenty or twenty-thousand. You'll ultimately take as much pride in owning a Mapex drum as the expert builders did when it was created.

Some items and/or finishes may only be available via special order. Consult your retailer for details.

An exquisite exterior burl veneer sets this limited edition apart from anything else you'll ever find. Due to the unique nature of this product, its availability will be highly restricted. If you've been waiting for the ultimate combination of unique beauty and incredible performance, your time has come. This is your drum set.

This limited edition is only available in six-piece component packs, including a 22x18 bass drum, 10x8 and 12x9 tom toms, 14x14 and 16x16 floor toms and a matching 14x5.5 snare drum, all featuring all-maple Orion shell construction and luxurious black chrome hardware and a classic, white coated front bass drum head.

Handmade in Italy, the remarkably figured exterior ply is formed together with six North American maple plies for an ultra-thin, ultra-resonant shell that's built to be enjoyed for generations.

## THICK FLAMED MAPLE 14x6

**Shell Thickness:** 12mm  
**Shell Finish:** Honey Maple Burst  
**Hoops:** Die Cast Hoops  
**Hoop Finish:** Chrome  
**Snare:** 20-strand

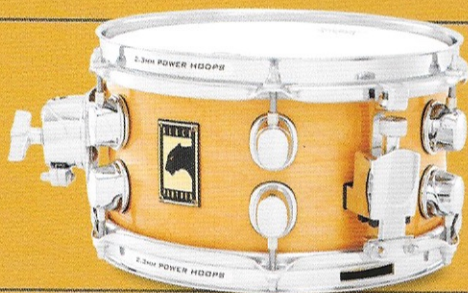

BPFM4600THT

The 15-ply extra thick shell features a traditional deep snare bed along with a rounded bearing edge that provides increased shell to head contact. The result is a warm, dark, full-bodied sound with incredibly soft feel. The flamed maple exterior veneer is finished in high-gloss, hand applied lacquer which brings out the rich grain of the wood.

## MAPLE

Mapex 2.3mm Powerhoops are used on selected models and provide maple strength and response for the hardest rimshots. Black Panther Snare Drums come equipped with genuine REMO® heads.

Product specifications described herein are subject to change without notice.

Due to limitations in photographic and lithographic processes, illustrated colors may vary slightly from actual colors offered. Since wood grain patterns appear randomly in raw materials, wood grain on product pictured will differ from actual product. Cymbals are not included, except where indicated. Some items may only be available via special order, see dealer for details.
